Kadur, dated 14th April 1949

To

The Secretary
Revenue and Revenue Department
Bangalore

Sir,

I wants to bring to your kind notice that seven estimates for construction of drains culverts and repairs as noted in the enclosed statement have been prepared seperately and the same have been sanctioned seperately by this Municipal Council meeting held on 16 3 49 These planned construction of drains and culverts are of very urgent nature The very health of ratepayers who reside in the vacinity of these places is endangered by mosquito breading due to heavy stagnation of water which was even observed by the Honourable Health Minister, Who has instructed us orally to take up the repair and construction work as early as possible As the repair work is held out since many years due to heavily raising prices of construction materials has cause the disappearance of its original nature giving way to several damages and losses Thereby the purpose of its construction is defeated and the service motive behind it has vanished Thus has caused undue criticism in the public eye and also a scar to municipality Hence our learned members have unanimously resolved to take up these urgent construction of works and repairs Very early

There is only a sum of Rs 1000/ have been sanctioned in the Budget for the year 1948-49 in respect of repairs etc, vide G O no D 4878-80/ml-35 48-4

The total estimated cost of the works noted in th

P T O

enclosed will be Rs 5714/- The above sanctioned sum of Rs 1000/- will not suffice for taking up the works during this year The above works will have to be completed before the commencement of the rainy season The tenders from the contractors have already been called for to take up the works So, I request you to kindly accord sanction to meet the rest of the estimated cost (i.e Rs 4714/-) from out of the closing Balance of this Municipality, at an early date, to facilitate us to serve the public efficiently
